

ROYAL HASKONING

About Us

Royal Haskoning is a dynamic civil engineering and environmental consultancy with clients worldwide. Our highly qualified and experienced staff deliver more than just consultancy – we deliver sustainable thinking for every environment.

- 11 divisions
- 20 countries
- 60 offices
- 4400 employees.

About You

You are a talented, intelligent individual. You combine practical, effective and technical delivery with innovative thinking. A committed team player with ambition to develop and create responsible social and ecological solutions for exciting UK and international projects.

“I joined Royal Haskoning as a graduate in 2006 and was instantly impressed with the company’s commitment to personal career development. Alongside great projects, I’ve competed in a half marathon with colleagues, joined the company football squad, and was even part of the Royal Haskoning Scrapheap Challenge team!”

Alastair McMillan - Coastal & Rivers

Your Benefits

Our comprehensive benefits package ensures your short and long term needs are addressed. These include:

- A generous and competitive salary
- Flexible working
- Private health & dental cover
- Generous pension contribution
- Opportunity to buy/sell holiday each year
- Membership to our Sports & Social Club to take advantage of discounted events and sports activities like football, badminton, squash, ice skating and rock climbing

Tax efficient programmes ensure you truly get value for money including:

- Salary sacrifice schemes for pension, childcare vouchers, cycle to work schemes and travel loans.

We’ll even buy you a ‘young persons’ rail card to encourage greener business trips which you can also use for personal travel.

Your Development

Developing your knowledge and expertise is key to our success. Your development starts with ‘LAUNCH’ our structured 18 month graduate programme. You will develop core technical and professional skills to support you early on in your Royal Haskoning career, combined with those required to progress your professional Chartership. Meeting with fellow graduates at our residential events provides an excellent networking base.

The programme is supported by mentoring and coaching from our internal experts together with on the job training. Your development doesn’t stop there, a wide range of opportunities including secondments and overseas assignments are all part of Royal Haskoning’s commitment to you.
